

GUYANA SUGAR CORPORATION INC.

OGLE ESTATE, EAST COAST DEMERARA

**MEDIA ADVISORY
IMMEDIATE:**

Co-generation Facility for Commissioning

The Co-generation facility of the Skeldon Sugar Modernisation Project will be commissioned at 10:30 hrs on Saturday December 22, 2007 at the site.

This comes as a result of the successful completion of the tests on generating engines that have been installed to realise the commercial production of electricity to residents of Berbice.

The plant will continue to operate in the commercial production of electricity giving up to 7.5MW of power to Berbice.
